REFUSES TO FLY — Saying that "something developed into a poison" for him, Air Force Captain Jerome M. Schechter of Newark, N. J., rests with his wife, Maralynn, and their dog at Mather Field, Calif. Schechter is one of 6 Air Force officers at the air base who face court martials for refusal to fly.

3 Phone Strikes Settled But Pickets Keep Workers Away

NEW YORK (AP) — The nation's strike-tangled communications wires were unravelling today with the settlement of a New Jersey telephone dispute bringing to three the number of walkouts ended.

But three other wire strikes still were unsettled, and one of these

15 Killed In B-36 Crash

World's Largest Plane Falls Near Spokane

SPOKANE, Wash., (AP) — A B-36 bomber crashed on a takeoff from Fairchild Air Force Base early today, killing 15 of the 17 aboard.

Two other crewmen suffered serious burns.

The giant, 10-engined bomber crashed in a farmer's field a half mile northwest of the base, and burst into flames.

The plane was attached to the 326th Squadron, 92nd Bomb Wing.

The plane fell on the farm of Ernest Alf who told a reporter: "We were awakened by this awful crash and as we got out of bed all we could see was a big fire. It made an awful explosion. It looked like it was only a block away from the house but it was a half mile."

"I could tell from the shape it was a B-36 but it was all burning."

A few minutes after the crash Alf said the bomber "is all flat now."

The B-36, world's largest bomber and America's foremost atom bomb carrier, skidded through a fence that rings Fairchild and bits of it were strewn through Alf's field.

Pieces of the plane were scattered over a wide area.

Fairchild said the plane normally carries a crew of 15 but had two extra men on board this morning. The flight was described as a routine training mission.

The B-36 has a range of 10,000 miles with its four jet and six piston engines.

This was the second 3½ million dollar B-36 destroyed at Fairchild. One crashed and burned while landing at the base, eight miles west of Spokane, last winter. All the crew escaped before it caught fire.

3 Traffic Mishaps Occur In City

No one was injured and only minor damages occurred as the result of three traffic mishaps here in the past 24 hours.

Cars driven by John Danko of Barborton and Charles Waldron of 884 Homewood Ave. collided at 9 a. m. today on S. Lincoln Ave. Maurice Straussbaugh of Chicago told police that as he was driving west on E. State St. and slowing down for the traffic light at Union Ave. at 2:45 p. m. Monday his car was struck in the rear by an auto operated by Paul A. Rance Jr. of Leetonia.

A motor bike carrying two boys ran into the right side of a car driven on Mound St. at 4:30 p. m. Monday by Glen L. McNeelan of 888 S. Union Ave. McNeelan said the boys stated they were uninjured and rode away without giving their names.

—against the Western Electric Co. —could nullify the effects of the three settlements by keeping phone workers from their jobs.

A contract agreement providing a \$4-a-week pay increase and fringe benefits was reached early today at Newark, N. J., between the New Jersey Bell Telephone Company and 10,000 striking operators, members of the CIO Communications Workers of America.

Ohio Bell Telephone workers ended their strike yesterday after obtaining pay boosts of \$4-\$7-a-week, similar to increases granted Michigan Telephone workers last week.

Federal mediators are working in New York to settle the strike of 16,000 CIO-CWA members against Western Electric, the Bell System's manufacturing subsidiary.

The Western Electric strikers, by using picket lines, have threatened to keep phone service disrupted in Ohio, New Jersey, Michigan and 40 other states. The union claims that hundreds of thousands of phone workers would stay away from their jobs if all exchanges were picketed.

In the other deadlocked communications strike, some 30,000 AFL Commercial Telegraphers Union members are asking wage increases from the Western Union Company. This dispute went into its 13th day today with no settlement in sight.

In Youngstown Ohio Bell telephone service was back on an "emergency" basis today after Western Electric workers set up picket lines at the company's main exchange building and two garages.

Service was restored to virtually a normal basis over the weekend after the Communications Workers Union and the company reached agreement. Operators and other workers resumed their jobs yesterday.

This morning on the 7 o'clock shift they ran into new picket lines and company officials had to again call out supervisory staffers to man the toll boards.

Western Electric Co. strikers also picketed exchanges in other Ohio cities.

William J. Walsh, CWA international representative and state director of the Ohio Bell walkout, said Bell's 12,000 CWA members have been ordered not to cross the WE picket lines.

The lines appeared in Cleveland, Columbus, Akron, Toledo and Canton, and the few Bell workers who had returned walked out again.

Mullins, Bliss Get Big Army Jobs

City Plan For Salem Urged By Solicitor

Hunston Calls For Chamber Endorsement Of Improvement Plan

Urging the endorsement by the Chamber of Commerce of a comprehensive city plan for Salem, City Solicitor W. J. Hunston cited the plan's benefits in explaining it to Chamber members at a noon luncheon Monday at the Lape Hotel.

Mr. Hunston said the plan is "a must for Salem" if the city wants to offset being "run over by progress." The advent of the turnpike and its future effect on the city was given as an example. "If we don't take this matter into hand, somebody else will. We must have something to base our arguments on in that event," he averred.

Three Phases
The solicitor said the plan would include three phases: 1. A survey of Salem's existing facilities; 2. the plan itself—detailed charts and data on city expansion, traffic, population growth, streets, sewage system, water, etc.; and 3. carrying out of the plan—arrangements for using the available data.

He stressed that the plan is not merely a traffic survey. "However, traffic is a part of it and the engineers will work on that phase of it in conjunction with the State Highway Department," he said.

It is essential to the future, intelligent growth of the city. With the completion of Salem's East Cold Run water works program, new industries will be attracted to the city, industries which were detracted in the past only because the community did not have an adequate water supply, the attorney stated.

He likened the plan to a housewife making a dress—she has to have a pattern before she can begin work. Corporations, too, depend on planning for existence, Mr. Hunston added.

Salem's strategic location astride national and state highways in the heart of the industrial and agricultural Ohio Valley, he said makes, it necessary to secure in-

Two Persons Hurt In One Of 4 Mishaps

Two persons were injured in one of the four traffic accidents investigated by State Highway Patrolmen Monday.

A car driven on Route 30, three miles north of East Liverpool, by Sam Yoder, 58, of Shipshewana, Ind., struck the rear of an auto operated by Anthony Nemeth, 40, of Malvern at 1:30 p. m. as Nemeth was slowing down to make a turn.

Nancy Yoder, 51, sustained a fracture of the nose and Elizabeth Nemeth, 40, received abrasions of the right leg. The women were treated at East Liverpool City Hospital. Yoder was cited by patrolmen for failing to stop in the assured clear distance ahead.

At 11:30 a. m. a truck-trailer driven north on Route 170, a mile north of the junction of Routes 170 and 14, by Jack Ciders, 22, of Detroit failed to negotiate a curve and went into a ditch. A car driven by Maria Farina, 25, of Cliffside Park, N. J., behind Ciders, crashed into the truck before it came to a halt.

Approximately an hour later a car-hauler operated by Delno Lewis, 29, of Summer Station, Pa., went out of control on the same curve, ran into the ditch and overturned. Patrolmen said the highway was extremely slippery in that area.

Cars driven by John L. Sack, 27, of Pittsburgh and Agnes Hanna, 43, of RD 1, Niles collided at 3:48 p. m. at the junction of Routes 62 and 165, causing some damage to each auto.

William P. Hanks, 65, of RD 5, Salem lost control of his car at 11:30 a. m. on Route 14, one-half mile east of Washingtonville, causing it to leave the road and upset.

Forfeits \$25 Bond

Regis E. Harrington, 25, of Berea, arrested at 4:12 a. m. Monday on W. State St. and charged with reckless operation, forfeited a \$25 bond by failing to appear before Mayor Harry M. Vincent for a hearing.

Greatest Missouri Flood Engulfs Central States

Ike Favored In New Jersey Primary Today

Fans At Washington Ball Game May See Barkley's Decision

(By The Associated Press)

Industrial New Jersey was wrapped in an anything-can-happen political smog today as voters began saying who they like for president and electing delegates to help do the actual nominating.

Gen. Dwight Eisenhower was established as the favorite in the Republican popularity poll. But a leader in his campaign, Arthur Vandenberg Jr., said:

"Anything can happen. I think Gen. Eisenhower is going to win but . . . it would not surprise me to see Taft get three delegates of nine delegates."

Sen. Robert Taft of Ohio, who tried unsuccessfully to withdraw his name from the ballot, is considered the general's toughest foe. The only other GOP ballot entry is former Gov. Harold Stassen of Minnesota, generally conceded out of the running.

Elect 38 Delegates
New Jersey Republicans elect 38 delegates to the presidential nominating convention in July at Chicago—10 at large and 28 in districts.

To date, Taft leads the battle for GOP delegate strength. Latest figures—not including New Jersey and based on pledges, instructions and admitted leanings—give Taft 201, Eisenhower 88 and Stassen 21.

Sen. Estes Kefauver of Tennessee is unopposed in the popularity balloting but is a long way from clinching the 32-vote delegation. Archibald Alexander, former under secretary of the Army and head of an unopposed slate of eight at-large delegates, has declared for Gov. Adlai Stevenson of Illinois.

When Taft dealt himself out, he blasted Governor Alfred Driscoll for throwing his support to Eisenhower.

May Get Tip
In Washington, baseball fans, Democratic party leaders included, may get a tip from Vice President Alben Barkley's pace at today's American League opener.

The 74-year-old "Veep" walks to the flag pole—40 feet there and back—for flag-raising ceremonies.

"If he sets a good pace he's a candidate," a party leader told a reporter. Admirers have asked Barkley to seek the presidential nomination but he has made no commitments.

John Chapple, Ashland, Wis., publisher, announced formation of a "national committee to expose the pro-Soviet forces behind Eisenhower." He named four honorary vice presidents, two of whom promptly declined to serve.

Col. Robert P. McCormick, editor and publisher of the Chicago Tribune, and Walter Trohan, head of the Tribune's Washington bureau, said "definitely not."

Duffy pleaded guilty to a charge of not having physical control of a vehicle while under the influence of intoxicants.

Representative Fined
PAINESVILLE (AP)—State Representative John Duffy of Cleveland was fined \$100 in municipal court in Willoughby today and his driver's license was suspended for 60 days.

Duffy pleaded guilty to a charge of not having physical control of a vehicle while under the influence of intoxicants.

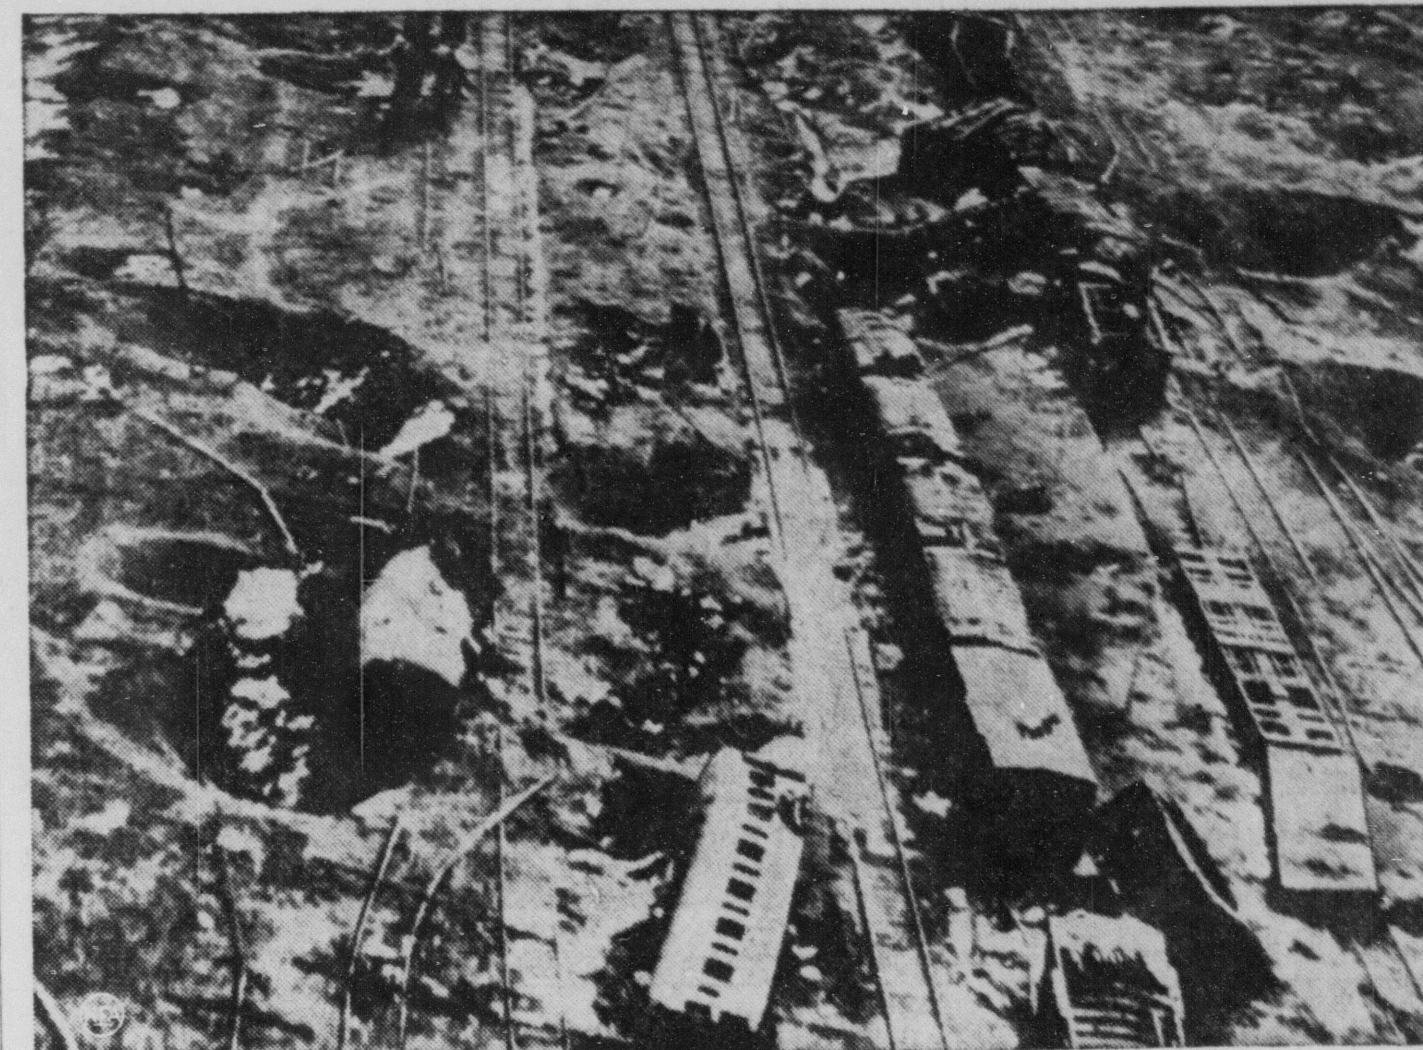

The contract is now on a continuous 60-day extension basis. This means it can be ended by either side, subject to 60 days' notice.

Lewis is not expected to make his new demands until the steel dispute is settled. Lewis' miners already are ahead of the Murray union in hourly wages. And Lewis' unique welfare and retirement fund is stocked with about one million dollars of unspent funds.

What, then, will Lewis ask for?

1. He probably will ask for a shortened work day. His 350,000 miners now work eight hours a day portal to portal. Before the war their contract called for a seven-hour day.

2. Lewis has no provision in his contract for paid holidays. Steel workers are expected to come up with six holidays. Lewis is expected to want something similar.

Robert Schafer Dies In Navy Plane Crash

Robert L. Schafer of Berlin Center, formerly of Salem, was one of five navy airmen who were killed in the crash of a patrol bomber at the edge of the Brunswick, Me., naval air station Monday. Five other crew members were injured.

Schafer, who formerly lived at 393 West Eighth St., had been in the service for 10 years. When he lived in Salem he was one of the district's best roller skaters.

His former wife, Lillian, now lives in Cleveland. Mrs. Lillie Evans of 12th St. is his grandmother.

The plane crash Monday occurred when the pilot, Lt. Thomas N. Pole attempted to land at the Brunswick, Me., field after the ship developed motor trouble after taking off on a flight to Quonset Point, R. I.

The Ventura bomber struck some mist-shrouded trees and the tail section of the plane where Schafer was riding was ripped off. Lt. Pole, who was uninjured, managed to rescue the co-pilot, Lt. Frederick Sachse, who was caught in the flaming wreckage.

Others killed were Walter N. Polen, Jr. of Alden, N. Y., Sherman L. Moore, Jr., of Bath, N. Y., Oscar Krampf of New York City and George W. Thompson, Jr., of Stevenson, Ala.

Feinsinger Defends WSB Steel Decision

WASHINGTON (AP) — Chairman Nathan P. Feinsinger of the Wage Stabilization Board told questioning senators today that the board's recommendations in the crucial steel dispute were "clearly within the board's jurisdiction and authority."

He said that would be clear to "any person taking the trouble to find out."

Feinsinger, under strong fire from many members of Congress for the steel proposals, appeared before the Senate Labor Committee. He said allegations the board "exceeded its authority and ignored its own regulations" were as far from the truth as anything could be.

He was called to give his opinion on an amendment prepared by Sen. Morse (R-Ore.) to the Taft-Hartley act making presidential seizure of plants and facilities legal in certain cases.

The bill would give the President clear authority in specific instances to seize plants affected by labor disputes.

Feinsinger disclosed in his prepared statement to the committee that the six industry members of the Wage Board—there are also six labor and six public members—seriously considered resigning from the board just before the steel dispute was referred to it by President Truman last December.

Burglars Add Endres-Gross, Pawn Shop To Ransacked List

Two more burglaries, bringing the total in the past two weeks to seven, were committed here Monday night, at the Pawn Shop on S. Ellsworth Ave. and Endres-Gross Flowers & Gift Shop at 603 E. State St.

The burglary at the Pawn Shop was reported at 12:08 a. m. today by Peggy Robinson of 606 E. Third St. who noticed the broken glass panel in the front door of the establishment as she was walking north on S. Ellsworth Ave.

Police notified Robert Martin of Diehl Lake, proprietor, who, after checking the contents of the shop, said that five pistols and revolvers, five men's watches and six ladies watches had been stolen. Their value was estimated collectively at approximately \$350.

The other burglary was reported to police by Steve Cook of 617 E. State St. at 1:46 a. m. He had parked his car in the lot at the rear of the Endres-Gross flower shop and, as he was walking north on Penn St., noticed a storm window broken and the inner window raised at the rear side of the shop.

Mrs. Helen Gross Kenreigh, part-owner who lives in an apartment over the shop, told police that \$5 in change was taken from the cash register and \$15 in change from a desk which had been rifled.

In each instance the intruders gained entrance and left through the broken windows, police said.

Jap Peace Treaty Signed
Truman Approves Bill; U. S. Troops Will Stay

WASHINGTON (AP) — President Truman signed the Japanese peace treaty today and the State Department announced that peace with Japan will be made effective April 28.

The Department said it announced the planned effective date of the treaty — which will end World War II in the Pacific — "in order to permit an orderly completion of the transition of Japan from the present occupation status to that of full sovereignty."

In a White House ceremony, the President also penned his name to three related Pacific security pacts. One with Japan gives the U. S. the right to keep military forces in and around Japan.

The others are mutual defense agreements with the Philippines and with Australia and New Zealand.

Truman's signature to the ratification resolution, adopted by the senate last month, is the next-to-last step for the United States before the peace treaty with Japan comes into full force and formally ends the state of war with the once bitter enemy.

The final step is depositing the instrument of ratification with the State Department.

The President did not say when this step would be taken but officials expect it by the end of this month.

One reason for delay is to afford the Japanese people and government some advance notice of the time when their technical enemy status will end and their new period of independence will begin.

In a statement, Truman said: "The signing of these documents completes another in the series of steps being taken by free nations to bring peace and security in the Pacific."

"In signing these documents, I know that I express the essential unity and will of the American people for the earliest possible achievement of lasting peace and freedom with security."

"The treaty of peace with Japan and the related security and mutual defense treaties, when they go into effect, will bring that goal nearer to realization."

Council Bluffs, Omaha Await Torrent's Worst

76,000 Are Homeless In Eight State Area; Rich Land Swamped

OMAHA (AP)—A ghost city where only a few days ago 30,000 persons lived today lay waiting for the worst the Missouri River's greatest flood could offer.

The vast, deserted area is three-quarters of the city of Council Bluffs, Ia.

Across the river in Omaha, another 5,000 persons had fled low-lying homes threatened by the murky, swirling waters of the

WASHINGTON (AP) — President Truman today asked seven midwestern governors to meet with him at Omaha tomorrow to discuss measures for dealing with the flood emergency.

The White House announced Truman will leave Washington by plane at 7 a. m. tomorrow for a flight over the flood area. The plane is to land at the Offutt Air Force Base south of Omaha sometime between 1 and 2 p. m. for the conference.

Missouri which early today were already higher than they had ever been since the white man settled here.

The maddened river had already reduced to virtual ghost towns several communities along its rich valley. It had chased thousands of families from their homes.

But the Missouri wasn't alone in spreading misery.

The Mississippi, too, had swept to record crests in Minnesota and Wisconsin, while in other states smaller streams tossed punches.

The Red Cross estimated that in an eight-state area where the waters are raging, a total of 18,939 families and some 76,000 persons have had to flee their homes.

This figure covers the Dakotas, Nebraska, Iowa, Minnesota, Wisconsin, Kansas and Missouri.

Most of this flight of people and their possessions was in the valley of the muddy Missouri.

While misery grew in the valley and millions of tons of rich top soil sloshed downriver, men and machines at Omaha and Council Bluffs, Ia. worked to build up the flood walls and dikes that they hoped would match the river's mightiest wallop.

There was a somewhat disheartening report from the weatherman. He was predicting showers for eastern Nebraska and western Iowa Tuesday night and Wednesday morning.

The job the twin cities faced is best described by two men who have been, and are, in the middle of the battle to beat the might of the Missouri at this focal point.

These were their comments: Maj. Gen. Lewis A. Pick, chief of army engineers: "The greatest flood the white man has ever seen on the Missouri River."

Brig. Gen. Don G. Shingler, Missouri River Division Engineers: "We're in a lot of trouble. The river is coming with a rip and roar."

All along the Missouri Valley where the river had struck to date, man has been a loser. Only in the matter of saving human life has man scored a win over the Missouri.

Beyond that, his lands and his homes have been mercilessly mauled. Army engineers estimate a million and a quarter acres are under the waters of the Missouri and its tributaries.

Authorities agree that the damage so far is in untold millions of dollars and mounts hourly as the river spreads its muddy misery over the land and through abandoned homes.

It is at Omaha and Council Bluffs that man has poured in much of his money, and muscle, to whip the Missouri.

In the area a flood wall of 26.6 feet had been built—enough; it was thought, when it was done to meet anything the Missouri might march up with. But now army men, and all the civilian power that can be gastered, are adding to those walls, and piling more dirt on dikes, to meet a predicted crest of 31.6 feet Thursday.

That's 12½ feet over flood stage, seven feet over the previous high of 24.6 feet in 1881, and five feet over the crest the flood walls and dikes were constructed to handle.

Columbiana

Democrats Plan Kefauver Rally

Program Scheduled By Legion Auxiliary

COLUMBIANA — A charter Columbiana bus will take Democrats of Columbiana, Leetonia and Lisbon to Steubenville Thursday, April 24, for the eighteenth district Kefauver-for-President rally at the Fort Steuben Hotel.

In Columbiana the bus will load in the front of the Methodist Church at 4 p. m. and Leetonia Morris Oil Co. at 4:15 and in Lisbon at the town pump at the public square at 4:30. Tickets may be obtained in Columbiana from E. L. Calvin or Carl Stacey Sr., in Leetonia from James Gibson and in Lisbon from Jess Wilson or Ray Lewis.

With the Democratic chairman of the other four counties in the district, Don R. Gosney of Columbiana, Democratic chairman for Columbiana County, will be a co-chairman of the meeting, which will be addressed by Senator Kefauver.

A PAN-AMERICAN program will be presented at the April meeting of Firestone American Legion Post Auxiliary tomorrow evening, with Mrs. Paul Reeves, chairman of the Pan-American committee, in charge. The program, to be presented at 8 p. m., preceding the business session, will include a film showing the growth and preparation of coffee in Brazil, and a talk by Manager William Knuth of Firestone Farms on his recent trip to Cuba.

Rev. H. J. Schiedmante, pastor of the Presbyterian Church, and Randall Justice, as delegate from the session, are in attendance at the spring meeting of Mahoning Presbytery at Kinsman today.

The Loyal Men and Women's class will meet at the Christian Church at 8 p. m. Thursday. Mrs. Anna Lou Nolsheim will conduct devotions and Mr. and Mrs. W. B. Longshore will have charge of entertainment. Hostesses will be Mrs. Matthew Powers and Mrs. Roy Faulk.

SUNSET Temple, Pythian Sisters, of Columbiana will observe its 43rd anniversary with a banquet at Midway Grange, southwest of town on Route 164, at 6:30 p. m. tomorrow. A program of entertainment will follow the dinner. Miss Elaine Carroll of WKBN, past president of the Youngstown Business & Professional Women's Club, will be the guest speaker at the April meeting of the Columbiana club at Bundy's Restaurant next Tuesday evening, April 22. Members are to make reservations with Miss Bertha Shontz, phone 4539.

The Wide Awake Class will meet in the parlor of Grace Evangelical and Reformed Church, Thursday afternoon. Easter quotations will be the responses to roll call. Mrs. Mae Halverstadt will lead devotions, and Mrs. Jennie Hum and Mrs. Ella Engle will be hostesses.

PRACTICE by the American Legion junior baseball team, which had to be postponed Sunday and Monday on account of weather conditions, is now scheduled for 5 p. m. Wednesday and Friday and 1 p. m. next Sunday.

Richard P. Warrick, son of Mr. and Mrs. W. E. Warrick, 150 Court St. plebe in the U. S. Naval Academy, Annapolis, is a member of the academy freshman lacrosse squad, which has a six-game schedule this season. He is a candidate for a manager position.

Mrs. Roy Volnogle will receive the Humtown Community Club, Thursday afternoon, with Mrs. David Firestone as associate hostess.

Don R. Gosney of Columbiana, Democratic chairman for Columbiana county, was recently made chairman of the state committee for Senator Kefauver.

Mrs. Robert Boughten is the leader and Mrs. Orville Blythe the assistant.

Biggest Airlift In U. S. Moves Troops

CAMP ATTERBURY, Ind. (AP) — Units of the 31st (Dixie) Division could have fought a battle in southern Indiana today after being in San Angelo, Tex., only 24 hours earlier.

About 2,000 troops of the division were flown to Camp Atterbury Monday in the start of the biggest airlift ever attempted in the Western Hemisphere.

They brought howitzers, trucks and other equipment with them in a steady stream of C-124 Globemasters, C-119 Flying Boxcars and C-46 Curtiss Commando transports.

Rain, fog and occasional icing conditions failed to stop the 18th Air Force operation. The big planes quickly refueled and went back to Texas for another load.

About 9,000 troops and nearly 1,760 tons of equipment will be hoisted from Texas to Indiana in the operation. Another 4,000 troops of the 31st are leaving Camp Bowie, Tex., today by motor convoy. It will take them about a week to make the trip.

The troops arriving in the murky weather of the first day's flights were sun-browned from "Exercise Longhorn" maneuvers.

Will Be Kiwanis Guests

The 10 Salem High School seniors having the highest grades and at least three years of mathematics will be guests of Kiwanians at the club's Thursday luncheon in the Memorial Building. Glenn Harding, H. F. Wykoff and the boys and girls committee are in charge of the program.

Scouters To Receive Awards At Annual Fellowship Dinner

At the Boy Scout Leaders Fellowship Dinner to be held Wednesday at the Lisbon Methodist Church, two scoutmasters and a den mother will receive Three-Year Training Awards, and another Scoutmaster will receive an Arrowhead Honor. Two of these establish "firsts" for the Columbiana Council.

Mrs. Adam Tecca, den mother in Pack 7 of St. Aloysius Church in East Liverpool will be the first den mother in this area to receive training recognition.

Bruce Nichols of East Palestine, scoutmaster of Troop 45, will be the first local man to receive the "Arrowhead Honor," a new award for putting basic training course techniques into practice.

Jack Glover of Wellsville, scoutmaster of Troop 19, and Ralph

Brewer, Lisbon RD, scoutmaster of Troop 26, Chester, W. Va., will receive three-year training recognition.

Veteran awards, one Eagle earned by a Scout leader, the "Council Award" for outstanding service, and one Silver Beaver also are included in the program which has been prepared by a committee of Lisbon Scouters.

Slides, sound effects, and pantomime scenes are all included in the script which will take the place of a speaker this year.

James W. Pendry of Lisbon is chairman of the dinner committee and will act as master of ceremonies. Clyde M. Tschantz has written the script and will serve as narrator. Sam G. Means will be the song leader.

Presentations will be made by R. J. Barrow and Judge Joel H. Sharp.

Hollywood Shooting Trial Is Hushed

SANTA MONICA, Calif. (AP)—The Walter Wanger shooting case, which Hollywood expected would produce some sizzling courtroom testimony, goes to court today—but there'll be no sensations.

Prosecution and defense attorneys agreed yesterday to let a judge decide the 57-year-old producer's fate on the basis of testimony before the grand jury.

The county grand jury indicted Wanger last Dec. 18 on a charge of assault with a deadly weapon with intent to commit murder.

Earlier in a Beverly Hills parking lot, while his wife, actress Joan Bennett, looked on, Wanger shot her agent, Jennings Lang, 39. Lang was seriously wounded in the groin but has recovered.

Wanger said he did it because Lang "broke up my home." Miss Bennett and Lang said their relationship was strictly business.

Lang, Miss Bennett and 10 other persons had been subpoenaed by the prosecution to testify in what was expected to be a bitter, lengthy trial. Now there will be no testimony. Superior Judge Harry J. Borde will read the grand jury transcript and decide the case, probably within two weeks.

There have been numerous reports recently that the movie industry, seeking to avoid scandal, has exerted pressure on the principals to play down the trial.

A. T. And T. 1st Quarter Income Rises

NEW YORK (AP)—Net income of the American Telephone and Telegraph Co. for the quarter ended March 31 totalled \$87,050,000 compared with \$80,808,223 in the like 1951 quarter, the company reported today.

Per share earnings, however, declined to \$2.59 from \$2.78 in the corresponding period a year ago because of the larger number of shares outstanding.

Net income for the 12 months ended March 31 amounted to \$333,180,000 or \$10.36 a share against \$303,221,827 or \$10.75 a share in the preceding 12 months, when the number of shares was smaller.

Net income for the Bell System, consisting of A.T. and T. and its principal telephone subsidiaries and representing the world's largest corporate enterprise, came to \$97,705,890 for the quarter ended Feb. 29, with \$95,073,224 or \$2.85 a share applicable to A.T. and T. stock. This compared with \$98,453,283 in the like period a year ago, with \$95,406,032 or \$3.31 a share applicable to A.T. and T. stock.

Bell System net income for the 12 months ended Feb. 29 totalled \$376,037,337, with \$365,473,297 or \$11.50 a share applicable to A.T. and T. stock, against \$374,265,552 in the preceding 12 months, with \$362,075,384 or \$12.93 a share applicable to A.T. and T. stock.

And Now—Cooperation

This is the week the ball clubs start to play for keeps. It is going to be a pleasure for millions to get down to some serious business after the layoff since last October.

To be sure, some of the best ballplayers are back in uniform, tending to government business. That's a distraction which is borne philosophically by baseball fans, if not by the players.

Your real fan knows in his heart that baseball in America is the warp and woof of a way of life—the only integrated pattern of cooperation in a society which always talks about cooperation but rarely practices it.

But in baseball, strongly organized minorities of the best experts money can buy put on all the pressure at their command where it will do the most damage—in the box score. They battle one another to the death, or almost. They scream at the umpire. They throw the bean ball and break up the double play by breaking up the second baseman, if they can.

In a contest which pays off on rugged individualism, they ask no quarter and give none. They do not apologize for operating under the incentive system, either. It pays off. The boys have been rehearsing since late in February for the beginning of the payoff this week. May all of their hits fall safely and all their misdeeds be explainable as things which couldn't be helped.

Spring Has Sprung

About this time of the year and under the circumstances of incessant rain, turning colder, with possible snow and high winds, men try to resolve the dilemma of spring.

If they ever succeed in doing it, they will have the answer to the dilemma of life, itself. It, too, has an unfortunate tendency to be vague and unsatisfactory about its good qualities.

Its depressions, rainy spells, high winds and earthquakes, on the other hand, are sharp and definite. There is nothing inconclusive about a tornado, or a flood, or a searing drought, either in weather or in life. But at the other extreme the moments of supreme satisfaction are transitory—soon obscured by something else.

It is a long way around to try to understand April by trying to understand what it is about April which suggests fundamental human experience. But the resemblances are there.

Long ago they were reduced to the simplest possible terms in the simplest possible axiom: April showers bring May flowers. When the May flowers finally bloom, an instant of satisfaction theoretically is balanced equally against days of rain, gloom, head colds, sore throats, mud and general despair.

New Jersey's Vote

When the returns come in from the New Jersey Republican primary they will reveal the strength of the organization headed by Gov. Driscoll.

It was Driscoll's decision to swing his state to Gen. Eisenhower's support which prompted Sen. Taft's withdrawal as an active candidate for Republican convention delegates in New Jersey. But what was intended to be a managed triumph for Eisenhower may turn into a rebuke to Driscoll.

Irked by their governor's betrayal of the spirit of what had been supposed to be an open primary, many New Jersey Republicans began to dream of showing their independence of the Driscoll organization. With no direct help from Sen. Taft, they hope to sue him as a rallying point for an anti-Driscoll demonstration in the primary.

Their success will be the thing to watch in the New Jersey vote.

Rule Of Thumb

The long argument over diplomatic recognition of governments which shoot their way into power is dying on the vine. The United States now recognizes any government which is, in fact, a government. If the Bolivian revolution is a success, the revolutionists will be recognized by the State Department.

It has explained that diplomatic recognition is not a seal of approval, necessarily, but an arrangement whereby routing international contacts can be maintained. The idea once popularized by Woodrow Wilson that diplomatic recognition was a form of approval is no longer maintained.

Nevertheless, there continue to be many Americans who would like to use the act of withholding recognition as a means of snubbing governments they don't like. Perhaps somewhere between their point of view and the broadly tolerant viewpoint of the State Department a rule of thumb could be devised.

No government which shoots its way into power should be allowed to tap the U. S. Treasury for one year. The probationary period for all others might be three months.

Impeachment

By DAVID LAWRENCE
Truman Lays Self Open By Steel Seizure

President Truman has had on his desk for several days, ready for signature, a bill passed by both houses of Congress on April 9 telling him, in effect, that he made a mistake in seizing the steel industry.

It so happens that Mr. Truman ordered the seizure of the steel plants just before midnight of Tuesday April 8. The next day—Wednesday—he sent a message to Congress reporting what he had done and declaring that no legislation was necessary. Congress within a few minutes after the message came completed action on a bill prohibiting seizures and sent it to the White House.

The bill extended the life of 59 separate emergency statutes of wartime until June 1, 1952, so as to give time for the drafting of a long-term statute governing emergency powers. But to make sure that no seizures are made between now and June 1, the Congress specifically warned the President not to seize private property. Here is the exact language of the provision prohibiting seizure:

“NOTHING contained herein shall be construed to authorize seizure by the government, under authority of any act herein extended, of any privately owned plants or facilities which are not public utilities.”

This language had been inserted on Tuesday, April 8, by the senate judiciary committee. It was done several hours before the President seized the steel industry—in ample time to warn him that Congress did not recognize that any of the wartime statutes still in effect gave him authority to seize private property.

But the President should not have needed any warning. The Constitution plainly says that private property shall not be seized “without due process of law.” Although previous seizures of property have occurred in recent years due to labor disputes, Congress in every single instance had already passed a law or laws specifically authorizing seizures. There is absolutely no precedent for the seizure of the steel industry by President Truman. He did it under what has been called the “inherent powers” of the presidency, although in the executive order directing the secretary of commerce to take over and operate the steel plants, Mr. Truman referred sweepingly to his authority as coming from “the statutes of the United States” as well as his powers as commander in chief and his powers under the Constitution.

TO ARGUE THAT because Congress had not specifically prohib-

ited seizure the President can exercise an implied right is to say that all laws which Congress does not pass, the chief executive may pass and order them into effect through an executive decree.

The courts have ruled in the past that the powers of the “commander in chief of the Army and Navy” do not extend to civilian operations or activities and relate solely to the operations of military forces. Indeed, when the wartime statutes that are now being extended until June 1 were originally being debated in Congress it was made clear in the discussions that the President was not to have any powers of seizure. The railroads which at present are operated by the government were seized under a still existent transportation law—passed in 1916 before America entered World War I.

Congress clearly doesn't want the President to exercise any seizure power unless it tells him so. There is a prevailing sentiment for seizure—in an emergency—of telephones, telegraph, railroads and other public utilities but unless there is a declaration of war Congress does not sanction seizure of private plants other than utilities.

MR. TRUMAN'S ACTION, therefore, is not only a violation of the specific words of Article V of the Bill of Rights of the Constitution but it flies in the face of repeated warnings in the legislative record, the latest of which came from the senate judiciary committee on the very day before the steel plants were seized.

When a President of the United States assumes “implied powers” in the face of an explicit prohibition in the Constitution itself, he lays himself open to impeachment proceedings. This requires only a majority vote of the House of Representatives. A President, once impeached by the house, can then be removed at any time by a two-thirds vote of the senate after a trial over which the chief justice of the Supreme Court presides.

Normally the vice president presides over the Senate, but since in the case of a removal of the President, the vice president automatically becomes President, the framers of the Constitution decided to keep the vice president entirely out of impeachment trials involving the President.

Mr. Truman's challenge constitutes a precedent of far-reaching importance. The senate judiciary committee is about to begin an investigation of the whole subject of seizure powers, though it is plain that a case for impeachment proceedings has already been made by last week's executive order seizing the steel industry.

Time And Wisdom

By TRUMAN TWILL

A Dutch girl named Juliana, a queen by avocation and a mother the rest of the time, has been visiting in the United States.

She sobored down a full-dress audience in New York City a few nights ago with a speech which contained so much of the solid good sense behind the miracle of the Netherlands that parts of it may show up in the reading books of the future.

Juliana was talking about the underestimated value of time—underestimated, she avers, by the western world of which her own nation is a part. “He who takes time will receive wisdom, having had periods for thinking and considering, and opportunity to gain experience,” she observed.

This had direct bearing in the context of her speech on a subject which few Americans—and perhaps few Netherlands—have tried to think through, because they never took the time.

Juliana would like to have the western world take enough time to let the North Atlantic Treaty Organization bear fruit. She admits it is difficult to conceive of life without war. But it is not impossible to have life without war, if that is what people want.

She acknowledges it is easier to think of settling things by dumping atomic bombs on certain selected places—a point of view attractive to many Americans. And she is aware of the temptation to compromise with the circumstances which seem to make war inevitable.

But the queen of the Netherlands—a woman with direct knowledge of what war did to her own country—suggests there may be a better way out than conflict or compromise. “Would it not lead to a solution to take time?” she asks.

“Time changes man,” she advises. “Have patience and see what happens. Make time your ally—it is a safe one. Plenty of time is plenty of everything. Of course, acting quickly on the spot and to the point is right; in all those cases where one is sure of what one does. But rash and ill-considered action is often wrong. In the terrible hurry in which we live today, we are constantly tempted to take rash decisions. A hasty action is dangerous, and forcing a situation is always wrong. Let us take time and cultivate patience, and yet be always on the alert.”

Not many Americans will be able to see merit in Juliana's proposal. Not many Americans will even know she made a proposal. They are too busy.

They are busy in large part, because they are dealing with the consequences of snap decisions made by complete fools and semi-fools who mistook activity for wisdom. They are so busy undoing the waste made by haste that they cannot see the advantage of slowing down long enough to avert more waste made by more haste.

Perhaps it's easier to understand this when you're the queen of a country like Holland which was patient enough to push back the sea inch by inch.

With a few bombs dropped on selected places, the Germans undid generations of patient labor in Holland in World War II. With a little time used on important decisions, statesmen might be able to make future generations of patient labor pay off.

Which Twin Has the Halo?

Inherent Powers

By GEORGE E. SOKOLSKY

The American Constitution is a written document that can be bent to the times by decisions of the United States Supreme Court. These decisions vary between loose and strict interpretations, depending upon the personnel of the court.

However, when it comes to a question of “inherent powers” for the President, powers not granted to him by the Constitution but asserted by him as arising out of its Preamble, the document itself loses all its force. An “inherent power” cannot be defined: It can be anything that the President himself may determine it to be. One day, because of an “inherent power,” the President seizes the steel industry; the next day, he may seize your home, to quarter favorites.

THE POWER and function of the President is clearly stated in Article II of the Constitution. In that article, not one word is said about “inherent powers.” However, it is provided that “the executive power shall be vested in the President of the United States of America . . .” The very word, executive, used here means that the President is granted . . . the general administrative control of those executing laws . . . (Myers v. U. S.)

Certainly when the President has a law to use, he need not go far afield to seek “inherent powers.” In labor relations matters, the President has the Taft-Hartley Law, which he is faithfully bound to execute. His unwillingness to use this measure because it displeases him has nothing to do with the law. Wherever a provision of law is mandatory, it is not the function of the President to like or dislike the law; his function is to execute it. Mr. Truman thinks apparently that his private desires are public functions.

The Tenth Amendment to the Constitution kills off any idea of “inherent powers” because it specifically says:

“The powers not delegated to the United States by the Constitution, nor prohibited by it to the states, are reserved to the states respectively, or to the people.”

In Kansas v. Colorado, the Supreme Court held:

“This amendment . . . disclosed the widespread fear that the National Government might, under the pressure of a supposed general welfare, attempt to exercise powers which had not been granted. With equal determination the framers intended that no such assumption should ever find justification in the organic act, and that if in the future further powers seemed necessary they should be granted by the people in the manner they had provided for amending that act. . . .”

national government are limited by the Constitutional grants. Those who act under these grants are not at liberty to transcend the imposed limits because they believe that more or different power is necessary. Such assertions of extra-Constitutional authority were anticipated and precluded by the explicit terms of the Tenth Amendment.”

IN A WORD, the President of the United States may not make his own law any more than you or I or Frank Costello can. The place to enact law is the Congress; the man to execute the law is the President. When the President acts by whim because he is in a hurry, he establishes a despotism which the Constitution seeks to avoid.

The theory of “inherent powers” is as dubious as the theory of the “divine right of kings” or the theory that Hitler possessed messianic qualities or that Stalin can make no mistakes. Any theory which is based on whim and wish is antagonistic to the American system of life, where the law should prevail.

This is not a discussion of the steel strike; it is a discussion of the incorrect and dangerous ideas associated with the President's reasons for seizing the steel industry. The basic reason is his assumption of authority on a theory of inherent powers based on the Preamble to the Constitution. It is false doctrine.

IN THE Sick Chicken Case (Schechter Poultry Corp. v. United States), which killed the NRA, the Supreme Court held:

“The conditions to which power is addressed are always to be considered when the exercise of power is challenged. Extraordinary conditions may call for extraordinary remedies. But the argument necessarily stops short of an attempt to justify action which lies outside the sphere of constitutional authority. Extraordinary conditions do not create or enlarge Constitutional power.”

The Constitution established a national government with powers deemed to be adequate, as they have proved to be both in war and peace, but these powers of the na-

tioned government are limited by the Constitutional grants. Those who act under these grants are not at liberty to transcend the imposed limits because they believe that more or different power is necessary. Such assertions of extra-Constitutional authority were anticipated and precluded by the explicit terms of the Tenth Amendment.”

IN A WORD, the President of the United States may not make his own law any more than you or I or Frank Costello can. The place to enact law is the Congress; the man to execute the law is the President. Health To You

By EDWIN P. JORDAN, M. D.

Childbirth Safer Now

It is safer to have a child now than ever before. The graveyards of even 75 years ago often carried pathetic markers saying “Died in Childbirth.” Now, this is a rarity, thanks to the almost complete conquest of infection, improved methods of maternal care, better physician training, discovery of new drugs and education.

Progress has been great even in the last few years. In the early 1930's the campaign against preventable deaths from child-bearing was speeded up. The emphasis of this campaign was on complete care during the entire pregnancy and afterwards and against deaths which were known to be preventable.

The discovery of the sulfa drugs and penicillin only a few years back, so valuable for puerperal infections (child-bed fever), has, of course, helped enormously. Between 1939 and 1943 there was a larger reduction in deaths from puerperal septicemia (blood stream infection) than from any other single cause. The rate was cut by more than half among white women. Also, the deaths from convulsions and other toxic conditions which occasionally occur in pregnancy were cut by one-third.

Among colored women progress was also substantial. The decline in maternal mortality among colored between 1939 and 1943 was 33 per cent against 40 per cent for white women.

The benefits of recent improvements appear in all age groups, though the older mothers have not

benefited (at least until recently) as much as the younger ones.

Although mothers 35 and over bear only a small proportion of all the children, about one-fourth of all the deaths from childbirth come from this group. The possibilities of further improving the chances of the older mothers is a challenge.

Although infections of mothers are now rare, there are several unsolved causes of trouble, particularly the toxemias of pregnancy which still need to be conquered if childbirth is to be made entirely safe. Until this, too, can be mastered we must remain unsatisfied even though childbirth is already much safer than ever before.

One Man's Opinion

By WALTER KIERNAN

Democrats are not surprised that General Eisenhower was eager to get out of the “Shape” he's been in. But they say if he thinks it was tough to try to build an army in Europe wait 'til he tries to field marshal the Republicans.

Willkie came in as a “by popular request” Republican and they were counting the votes before he had met half the state chairmen.

This is not to say that a non-organization man can't win, but Eisenhower has never been in a position before where he couldn't wire for reinforcements or shift a division or two.

And there's no way you can pick up the phone and say “I need three divisions of voters in New York City . . . have them on the road by dawn.”

My barber says maybe he just felt he had enough points to get out of the army and took the hard way. And when a fellow goes after the Republican nomination . . . that's the hard way.

Loneliness

By HAL BOYLE

Bachelor Finds A Cure For It

BEVERLY HILLS

Convinced that “if enough people knew each other, war would be impossible,” Uncle Larry Perkins is conducting a campaign against what he considers the world's worst sin—loneliness.

He is attacking it where it is apt to be strongest—on the battlefield and in rooms where sick people lie.

He does it chiefly by writing letters—thousands of them—and by inducing thousands of other persons to write to each other. He has 200 “relay” agents in the United States armed forces to help him distribute the mail.

UNCLE LARRY also stages vaudeville and variety shows at veterans' hospitals. He's an ex-vaudeville and although he's 49 and his gray fringe looks a little sorry on top, he still can dance and roller skate on his hands.

Another project is his “cookie relay.” He claims he's persuaded high school domestic science classes in every state in the Union to make Easter cookies and send them to the UN forces in Korea and Japan.

Letters from shut-ins and the blind are given special attention. He introduces blind persons, via letters, to blind service men at Wadsworth Veterans Hospital near here.

PERKINS ALSO entertains GI's at his modest bachelor's home; it is bulging with such items as 400 pairs of riding and cowboy boots, beautiful leather cowboy costumes which he designed himself, civilian clothes, uniforms, bobbeds, skis, mineral and stamp collections—and everywhere bundles of letters.

Uncle Larry keeps the cowboy costumes because servicemen like to have their pictures taken in them.

His house also contains many gifts from grateful GI's, including shoulder patches, service ribbons and medals. He is especially proud of a gift from First Sgt. W. F. Webb of Princeton, W. Va. It is the field coat of the late Gen. George Patton, who placed it over Webb as the latter lay wounded on a stretcher in North Africa in 1943.

A GENIAL GENT, who has difficulty finding time to make a living as a gardener, also conducts a missing persons bureau in the armed forces. His “search lists” are posted at many military camps.

His big interest, of course, is his relay mail system. He's talked dozens of coveys at the University of California at Los Angeles and young people from churches and other groups into writing letters, starting them simply, “Dear Cousin.” The letters are sent to relay agents in Army, Navy and Air Force units who distribute them to men who need them.

Many newspapers send him letter they receive from lonely GI's.

Although he's a bachelor and lives alone, Uncle Larry says he has found the cure for loneliness. It's simple, he says: Just try to help other people from feeling that way.

Looking Backward

From The News Files

FORTY YEARS AGO—Conrad Thumm, salesman for the Salem Tool Co., left for an extended trip in Pennsylvania.

Miss Margaret Converse of Salem sang the offertory solo in Youngstown Sunday at the Belmont Episcopal Church.

TWENTY-FIVE YEARS AGO—Martin Lutsch of 79 S. Howard St. was the victim of a hit-and-run motorist near the Loop filling station on the Salem-Lisbon Rd.

Miss Thelma Richard has resigned her position at the Farmers National Bank. The girls employed at the bank had a dinner Wednesday evening in her honor and presented her a gift.

TEN YEARS AGO—Mrs. Robert Hickey, who has spent the winter in Pittsburgh, has returned to her home on RD 5 for the summer.

Miss Alice Ruth Vincent, daughter of Mr. and Mrs. E. S. Vincent, a freshman at the Kent University, appeared in a short piano recital at an informal tea given for faculty at Moulton hall recently.

FIVE YEARS AGO—Mr. and Mrs. Charles C. Ressler of Cleveland St. will observe their 38th wedding anniversary with a family dinner.

Lunch was served to the Deming Girls Club by Miss Dorothy Lusch, Miss Beulah Sell, Mrs. Raymond Coppock and Miss Blanche Fulton, as they completed a tour of the plant.

Battle of Sexes

THE WAR between the sexes may be stirred up a little by a new leaflet now being distributed through a Women's Bureau in the Department of Labor. It carries a big headline, “It's Still Up to the Women to Prove They Can Handle Top-Level Jobs.”

Pointing out that, on the one hand, there the few types of work women can't do and that there is increasing recognition of the fact that women should be promoted for merit, the Women's Bureau nevertheless admits what's wrong:

1. Women have lagged far behind men in attaining better jobs.
2. Too many employers still have to be convinced women are capable.
3. It's still the exception for a woman to reach office status. Few women get beyond forelady in factories. Few women get top jobs in department store management. In banks and insurance companies, the highest women usually get is routine clerical supervisory.

Men laugh at the foolish clothes women wear—and go around wilting stiff collars.

Even occasional family bouts are staged over a purse.

When you have that feeling that you have forgotten something—it's spring.

LOSES 22 LBS. Never Felt Better

Mr. Larry Ross, 36 Oakview Ave., Struthers, Ohio writes: "I feel about 5 years younger since using Renna. I was really fat and had a lot of trouble breathing when I walked. When I started with Renna I weighed 182 lbs. Now I weigh 160 lbs. I have never felt better."

It's amazing how quickly you can lose unsightly fat at home. Obtain liquid Renna at your druggist, mix with grapefruit juice as directed and take two tablespoons twice a day. That's all there is to it. If you do not lose weight with the very first bottle just return it for your money back. You need never know a hungry moment while reducing with Renna.

DON'T SUN-FADE your colored clothes!

DRY them in an automatic GAS CLOTHES DRYER

Sun rays—so healthful to you—are death to your colored wash. So dry your clothes in an automatic GAS clothes dryer. Colors are safe. Your clothes come out of the dryer pure and fresh... sweeter than when hung up to dry.

TAKE IT EASY ON WASHDAY!

An automatic GAS clothes dryer takes out all the back-breaking drudgery of stretching and taking down lines, lugging heavy baskets of wet clothes, pinning up clothes, taking them down again. It's more like fun than work, drying your clothes in a gas dryer.

PUT MORE LEISURE IN YOUR WASHDAY!

The time you save with an automatic GAS clothes dryer comes in handy for doing other things—pleasure, hobbies, visiting, civic affairs... or for just plain taking it easy.

Wash and iron the same day—and put an extra day into your week. Your clothes dry so fast, they're ready for ironing in no time.

Tumble-dried, your laundry is wrinkle-free, and many pieces you ordinarily iron can be folded neatly and put away without ironing.

STOP IN at your Gas Appliance Dealer's or Gas Company office and see the new automatic GAS clothes dryers now.

Stalin Can Wait

Russia Seen Not Ready For War, Stalling For Time

By WILLIAM L. RYAN
AP Foreign News Analyst
(First of a Series)

BERLIN—"After all," said the diplomat, pushing his chair away from his desk, "here is what the cold war is all about."

He picked up a ruler and pointed it at the map of Germany in the heart of Europe.

"If and when the Russians are ready for war, we will know it here first," he went on. "But it will not be in 1952. The Russians aren't ready. And Stalin can wait. We will know a year in advance. Right now we know that their communications and transport are in no shape to start a war. We know they lack faith in their satellite armies and populations. We know they would need large numbers of troops to hold what they have now."

"We know they lack the technical and economical resources on a scale permitting war. We know they are intent on maintaining the status quo in the West while they go about their business in the East."

Think War Inevitable

Many Western diplomats agree with this assessment. Some think the war will come eventually, but most express the belief that what is going on today is a long-range holding action.

The consensus here, at the edge of the smoldering volcano, appears to be that the Soviet Union is intent now upon holding whatever it can in the West, protecting its Western flank, while consolidating and pushing forward in the Orient.

Thus, goes the reasoning, the en-

tire program in Europe today appears to be aimed at paralyzing the Western Europeans' will to resist—to render Western Europe impotent and neutral. It seems as if Moscow were convinced that with Europe neutralized, the continent

must inevitably come under the Kremlin's domination.

But meanwhile, the Communists bend every effort toward what they call "national resistance" to the United States, to bog down western European defense efforts. They appeal to the self-interest of western European businessmen to turn their backs on the U. S. They tell the worker he is being "super-exploited" by the Americans.

Main Target Germany

In the drive to neutralize western Europe, the prime target is Germany. There are competent observ-

ers in western Europe who speculate that Stalin would even be prepared to dump the whole East German Communist party if he could achieve the goal of a German vacuum in the heart of Europe, dominated by the might of Soviet arms on the East and leading the West down the road to enforced neutrality. Economic domination by Moscow would not be too distant a goal.

Stalin now says the time is ripe for talks on unification of Germany. He has let it be known he is willing for Germany to be uni-

fied with its own army, sufficient to defend itself. This was a shock to the Communists, long playing on the fear of a rearmament Germany, but it was a strong dose of medicine for West Germany, which wants nothing more than unification without occupation.

Stalin might even go further in his desperate bid to keep a flourishing Western Germany out of the Atlantic defense community. He might even consent to some sort of revision of the German-Polish border.

The Poles are expendable. They

occupy what formerly was German territory to the Oder-Niesse line. It is not too far-fetched to imagine Stalin's throwing a sop to Germany in the form of a revision at the expense of Poland.

Truce Talks Continue

Lasting Few Seconds

MUNSAN (U)—Korean truce supervision negotiators met for 25 seconds today—just long enough to run through their pat routine of

the past week—no business.

Meanwhile, the time for resuming crucial talks on prisoner exchange still was up in the air. Peiping radio said last night the U.N. command had advised the Reds it was not ready to take up again the conferences on how to exchange prisoners of war.

The Reds proposed Sunday that the talks be resumed. These were recessed April 4 to permit both sides to work separately on possible solutions.

The Reds had insisted on forced

repatriation of prisoners. The Allies demanded the right of choice for each prisoner.

The last five meetings on truce supervision have taken up four minutes in all. Today's dialogue, like yesterday's, went like this: Chinese Maj. Gen. Hsieh Fang: "Has your side anything to say?" U. S. Maj. Gen. William K. Harrison: "No."

Fang: "Since your side has nothing to say we suggest that we recess."

Harrison: "We agree."

IF YOU WANT TO LIVE...

THERE ARE ONLY 2 WAYS TO GET THE THINGS YOU NEED AND WANT!

1 BY FREEDOM

YOU CAN WORK AND EARN THE MONEY TO BUY THE THINGS YOU NEED AND WANT.

THE THINGS YOU GET IN THIS WAY ARE YOUR PROPERTY

2 BY FORCE

YOU CAN GET THE THINGS YOU NEED AND WANT BY TAKING THEM FROM OTHER PEOPLE BY FORCE.

- WHEN YOU **FORCE** A PERSON TO GIVE UP HIS MONEY OR POSSESSIONS (HIS PROPERTY) AT THE POINT OF A GUN, **IT IS ROBBERY!**
- WHEN YOU PERMIT YOUR REPRESENTATIVES IN GOVERNMENT TO PASS AND ENFORCE LAWS WHICH **FORCE** OTHER PEOPLE TO GIVE UP THEIR EARNINGS IN TAXES TO SUPPORT PRIVILEGED GROUPS, **IT IS STILL ROBBERY — LEGALIZED ROBBERY!**

IN EITHER CASE YOU HAVE FORCED PEOPLE TO GIVE UP WHAT BELONGS TO THEM WITHOUT THEIR CONSENT!

THIS 23 BILLION DOLLARS WAS MORE THAN ENOUGH TO PAY ALL THE RENT OF ALL AMERICANS FOR A WHOLE YEAR!

IN 1950, GOVERNMENT PLANNERS USED 23 BILLION DOLLARS OF THE PEOPLE'S TAX MONEY FOR SUBSIDIES, LOANS, GRANTS AND SPECIAL AIDS TO PRIVILEGED GROUPS. THIS MONEY WAS TAKEN BY GOVERNMENT FORCE THROUGH INCOME TAXES, CORPORATION TAXES AND SCORES OF HIDDEN TAXES.

IF YOU BELIEVE IN FREEDOM, YOU MUST INSIST ON A MORAL PURPOSE FOR OUR GOVERNMENT.

LIFE, LIBERTY, THE RIGHT TO EARN AND OWN PROPERTY — these three gifts of God preceded all man-made laws and are superior to them.

So every individual has a right to protect these gifts against interference from any source whatsoever. If government is to have a moral purpose, it must protect these individual God-given rights for every person.

Therefore, the purpose of our government must be—

"TO MAKE AND ENFORCE LAWS WHICH PROTECT EVERY INDIVIDUAL'S GOD-GIVEN LIFE, LIBERTY AND THE RIGHT TO EARN AND OWN PROPERTY FROM THE INTERFERENCE OF ANY OTHER INDIVIDUAL OR GROUP — AND THESE LAWS MUST ALSO PROTECT THE PEOPLE FROM GOVERNMENT ITSELF."

Since an individual cannot lawfully interfere with the Life, Liberty or Property of another individual,—then a moral government cannot lawfully interfere with the Life, Liberty or Property of individuals or groups.

Large Crowds Expected For Baseball's Opening Games

Rookie Players Dominating Major League Lineups Today With Many Great Stars Missing

By JOE REICHLER

NEW YORK (AP)—A quarter of a million fans in eight cities were expected to jam ball parks today and listen to the cry of "Play Ball" as the 1952 Major League baseball season got underway.

Despite the loss and impending loss of such topnotch performers as Ted Williams, Joe DiMaggio, Bobby Doerr, Gerry Coleman, Monte Irvin, Willie Mays and others, the new season gives promise of new thrills and excitement to match those of previous campaigns.

All clubs will present new faces. Such new names as Billy Reed, Ed Mathews, Toby Atwell, Dave Williams, Bob Del Greco, Dick Hall, Scooter Koshorek, Jim Fridley, Hec Rodriguez, Jim Rivera, George Schmees, Leo Thomas, Clint Courtney and Ben Taylor were expected to appear in opening day lineups.

The managers were optimistic, with Al Lopez of the Cleveland Indians brashly predicting an American League flag. Manager Charlie Dessen of Brooklyn said his Dodgers ought to win in the National League.

The odds-makers agree with Dessen and Lopez and have installed the Indians and Dodgers as favorites. Each club is a 9-5 favorite to win the pennant.

The Giants and Yankees are second choices, the former at 5-2 and the latter 2-1. Philadelphia and St. Louis are given an outside chance in the National, as are Chicago and Boston in the American.

PRESIDENT TRUMAN, the nation's No. 1 fan, and only switch hurler since William Howard Taft started the presidential pitching custom in 1910, tossed out the first ball in Washington where the Senators engaged the Red Sox. A crowd of 32,000 expected to see a pitching duel between Mel Parnell (18-11), Boston's premier southpaw, and Righthander Bob Porterfield (9-8) of the Nats.

The day's largest crowd of some 52,000, including Queen Juliana of the Netherlands, was expected to attend the Tigers-Browns opener in Detroit. The veteran Dizzy Trout (9-14) was Detroit's pitching nomination. He was opposed by Ned Garver (20-12).

The Cardinals, who inaugurated the night opener in 1950, again will raise the curtain with an after-dark affair in St. Louis before 20,000. Pittsburgh's Murry Dickson (20-16) was slated to go against Gerry Staley (19-13).

THE GIANTS EXPECTED 35,000 for their opener with the Philadelphia Phils. Sal Maglie (23-6) was set to start for the defending National League champions. He was opposed by Robin Roberts (21-15).

Cold weather was expected to hold the crowd down to 10,000 at Boston where the Dodgers were guests of the Braves. The Braves will feature a rookie-infused lineup behind ace Southpaw Warren Spahn (22-14). The Dodgers depended on their veteran array including Lefty Preacher Roe (22-3).

Philadelphia expected 25,000 to watch the Athletics tangle with the world champion Yankees and try to end righthander Vic Raschi's jinx over the A's. Raschi (20-10) hold a 20-2 lifetime mark against Philadelphia. The A's nominated Alex Kellner (11-14) to do their hurling. With the exception of first baseman Joe Collins, still sidelined by a foot injury, the Yankees expected to be at full strength.

The Chicago White Sox were hopeful of exceeding their record 1926 opening day crowd of 33,000 in their encounter with the Indians. Billy Pierce (15-14) was Chicago's pitching choice to oppose Cleveland's Early Wynn (20-13).

Cincinnati envisioned a 30,000 sellout in its traditional opener against the Cubs. Herm Wehmeier (7-10) was the Reds' pitching selection. He was opposed by Southpaw Paul Minner (6-17), a last minute substitution for Righthander Bob Rush.

Hayes Plans Big Session For Gridders

COLUMBUS (AP)—Today is only the second day of spring football drills for the Ohio State University squad but Coach Woody Hayes made this announcement:

"We'll be in full uniform and will begin the normal rough stuff." Yesterday's session was devoted to a schooling on the split-T formation Hayes expects to use this fall. The Buckeyes used the split-T about 25 per cent of the time last year. But Hayes said yesterday it'll be "about 50-50" with the "T" and split-T this year.

More than 80 aspirants turned out for the first drill. There will be 19 practice sessions before the coaching staff gets its first real look at the 1952 crop in the May 10 intra-squad game.

Hayes said one of the big problems in the spring drill is to find a quarterback. Tony Curcillo of Ellyria handled the chores last season but is being groomed for other backfield duty this year.

Merchants' Practice Session Postponed

Due to wet grounds, the Salem Merchants baseball team's practice session scheduled for this evening at Centennial Park will be postponed until 5:30 p. m. Friday, Chester Brautigam, manager, announced.

Anyone wishing to try out for the team is urged to appear.

Bob Cerv, outfield rookie for the Yankees, was a baseball and basketball star for the University of Nebraska.

ARCARO DOWN—Generally you see Eddie Arcaro spic and span in the winner's circle, but here the great jockey was caught mud-splashed and sullen after finishing third atop Pompano in a first race in Jamaica slop.

EIGHT MAJOR LEAGUE UMPIRES will shout out with "Play Ball" today when the National and American Leagues open their 192 baseball season. Games are slated in Washington, Philadelphia, Detroit and Chicago of the American loop while National League games will be staged in Boston, New York, Cincinnati and St. Louis.

Al Lopez Fielding 'The Best' For Opener Against White Sox

CHICAGO (AP)—Cleveland Manager Al Lopez plans to field what he calls "our best" team today in the season opener against the Chicago White Sox.

"At least, it's our best team right now and I plan to stick with it as long as I can," said Al. "Unless somebody goes into a slump, I don't plan to juggle the lineup."

"We won't have one platoon against left handed pitchers and another against right handers unless our hitting becomes real bad." The major changes in the lineup from last year's opener: Harry Simpson in right and leading off, Rookie Jim Fridley in left.

EARLY WYNN, who is slated to make his first lid-lifting assignment for Cleveland, admits he's a little excited. He started four seasons for Washington, but:

"Starting those games didn't mean as much to me as this one does. I'm with a team that has a chance to win the pennant now. To even be considered as a starter on a team with pitchers as good as ours is quite a compliment."

Wynn's opponent is Billy Pierce, who won five over the Indians last season. In fact, the White Sox were the only team, other than the Yankees, that defeated the Indians the majority of times last year.

They won 12 out of 22. Included were three over Bob Lemon, three over Wynn, two over Mike Garcia and one over Bob Feller.

Last season, Pierce's not too impressive record was 15-14, but his earned run average was 3.04, fourth best in the league and topped only by Saul Rogovin, Ed Lopat and Wynn.

HERE ARE SOME opinions of the 1952 Indians:
General Manager Hank Greenberg (who has been a pretty bad guesser on his team in the past): "I hesitate to put the kiss of death on them, but I will say we have a contender. The screwballs have been eliminated and this is a group of men I am proud to be associated with."

Bob Feller: "I am not saying this is the best Cleveland squad I've been with but I will say it has the best chance to win the pennant of any one I've been on."

Ellis Ryan, President: No prediction, but the team should "go all the way. I'm delighted with the fine condition of the players and the spring record."

Lopez: "I'm a lot more optimistic now than I was when spring training started, and not only because the outfielders have done so well. Our infield has settled down and our pitching is tremendous. We have a good chance to win."

Providence Will Try To Even Series Tonight
PROVIDENCE, R. I. (AP)—The Providence Reds will attempt tonight to even at two games each their best of seven American Hockey League playoff series with the Pittsburgh Hornets.

Pittsburgh won the first two games on their home ice but the Reds came back to beat the Hornets 5-1 on Providence ice Sunday night.

Two Greenford Games
Two basketball games will be played at Greenford High School Friday evening. The first game at 8 will pit the Greenford Alumni against Owen's service team. The second game will be between the Greenford PTA and Greenford firemen.

Proceeds from the games will start a fund to buy bleachers for the stage.

McKinley Honors Team, Cheerleaders
Parents and teachers of the McKinley basketball team and cheerleaders honored 26 McKinley students last night at a banquet in the school gym as they tied for honors of the Mickey McGuire basketball league.

The banquet was the school's third in the past three years, being given each season following the basketball season of which McKinley is a consistent champion although Reilly and Buckeye shared the honor this year.

League Supervisor John Callahan presented the trophies to the school and gave a short talk. Other guest speakers at the banquet were Ward Zeller, E. S. Kerr and Skip Greenstein. John Holzwarth served as toastmaster.

Team Coach Vincent Crawford and Cheerleaders Coach Mrs. Hilda Konnerth presented the members of their teams with pictures and in return were given gifts from the teams.

Curt Simmons Signs Philadelphia Contract
PHILADELPHIA (AP)—Curt Simmons, 22-year-old lefthander whose return from Army duty has bolstered the Philadelphia Phillies' pennant hopes, signed his new contract after a session with Owner Bob Carpenter yesterday.

Terms of the pact were not disclosed but Carpenter admitted Simmons received a raise over his last contract.

Simmons is believed to have received \$15,000 for his efforts in 1950.

JIM WAUGH SIGNS
PITTSBURGH (AP)—Jim Waugh, 18-year-old Lancaster, O., pitcher was one of seven rookies signed to Major League contracts yesterday by General Manager Branch Rickney of the Pittsburgh Pirates.

Turner Whips Varona; Will Meet Gavilan

PHILADELPHIA (AP)—Gil Turner and Kid Gavilan are all but signed for a welterweight championship bout in Philadelphia's Municipal Stadium this summer — unless Turner's fiasco with Chico Varona last night upsets the apple cart.

Turner, unbeaten 21-year-old Philadelphia Negro belter at 145½, won his 31st straight victory and 25th by kayo. Varona from Havana, Cuba, weighing 143½, refused to answer the bell for the seventh round of a scheduled 10 rounder. The Cuban and his manager, Allie Zack, bitterly protested that Turner threw "17 low blows."

Varona told Referee Zach Clayton he was "sick in the stomach" and refused to leave his corner.

"THE REFEREE refused to warn Turner and wouldn't take away the rounds for low punching," Zack said. "My boy wasn't getting a fair break. His spirit was broken."

After being informed by two commission physicians that there was no physical evidence on Varona's body of low punching, John DaGrosa, Pennsylvania State Athletic Commissioner, held up the Cuban's purse and set a hearing for today.

While all this was going on the victorious Turner listened to his Manager George Katz tell about the planned meeting with Welterweight Kid Gavilan.

"We have had a meeting of minds and it looks like the day before or the day after the Major League All-Star baseball game in Philadelphia is the likely date," Katz said. The All-Star game is slated for Tuesday, July 8.

IT WENT THATAWAY!—Leo Durocher was in mid-season form on the Giants' tour with the Indians. The manager described the magnificent trajectory after Wes Westrum hit a long ball to left, Umpires Lon Warneke, left, and Charley Berry said it was a ground rule double.

Dick Hoover To Bowl Here April 27 In Handicap Tourney

One of the best teams in Ohio and the state's No. 1 bowler will appear here April 27 in the Salem Bowling Center's annual handicap tournament. The Akron G. I. Machine five, captained by Dick Hoover, will roll on the local lanes at 9:15 on the final night of the tournament, Tourney Manager Don Krauss announced today.

The G. I. Machines are currently pacing the tough Akron all-star league by nine games, with a 1014 per game average. Hoover, the national match game champion in 1951, leads the club with a 212 average. He recently defeated Cleveland's Steve Nagy in a 40-game home-and-home match for \$5,000, averaging 227 for one block of 20 games.

OTHER MEMBERS of the team are Gil Smith, 195, Ott Markkulis, 206, Boss Bosco, 203, and Clyde Potter, 198. The team has a high series of 3314 this season, with a top single game of 1157. The group recently dominated the Tri-State tournament at Pittsburgh, walking off with \$535 in prize money. In that event, Hoover hit 708 to win the singles and set a new all-events record of 2032. The team won the five-man event with 3108.

Potter, the G. I.'s anchor man, finished fifth in the ABC singles last year with 723 and is currently pacing the Inter-City tournament doubles at Ellyria with 1346. Markkulis recently popped a 290 game in the Akron all-star loop.

The team is coming to Salem direct from Milwaukee where it will bowl in the ABC and other tournaments the week of April 20.

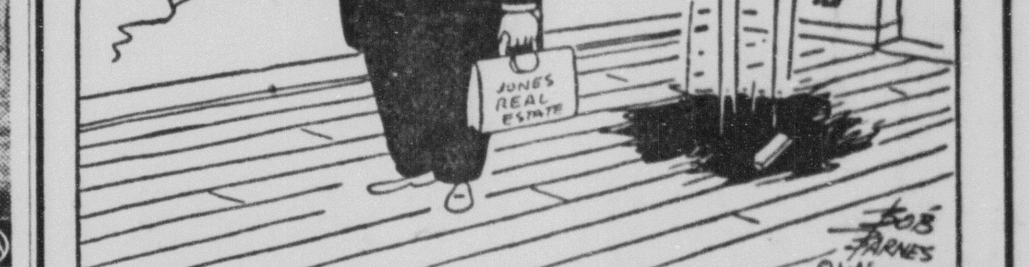

Pirates' Dick Hall To Play 1st Pro Game
ST. LOUIS (AP)—Nineteen-year-old Dick Hall who never has played a game of professional baseball, will be at third base for the Pirates in the season opener against the St. Louis Cardinals tonight.

How does he feel? A little nervous. "Third base? I haven't played there very much but I'll certainly give it the best I can," he said.

But Hall won't be the only rookie making a bid with the Pirates. Six others have been signed to Major League contracts.

They are Lee Walls, 19, Pasadena, Calif.; Ronnie Kline, 20, Calverly, Pa.; Jim Waugh, 18, Lancaster, O.; Ed Wolfe, 23, Escondido, Calif.; Bobby DelGreco, 19, Pittsburgh; and Brandy Davis, 23, Newark, Del.

Varied Program Planned For Achievement Day Wednesday

Installation of new officers, a style revue, several speakers and entertainment is only part of the activity planned Wednesday when the Columbiana County Home Demonstration holds its annual Achievement Day at the Masonic Temple here.

Mrs. Ruth Pendry, home demonstration agent, said the all-day affair will open at 10 a.m. with an address of welcome by Mrs. Byron Angleymer. Morning session and afternoon sessions are planned with a luncheon at noon in the Memorial Building.

The morning program will open with a song by the Homemakers Chorus under the direction of Mrs. Carl Bowman. Janet Frazier will give a violin solo.

"Then and Now" a 4-H style revue will be presented showing the difference between bathing suits, dresses, suits and other clothes worn now and 25 and 50 years ago. Mrs. L. F. Coffee and Mrs. Richard Stamp, both of Salem RD 2, will be in charge.

Following the revue, past and present advisors and members of the 4-H will be honored in connection with the 50th anniversary of the 4-H group.

The morning session will conclude with a talk by Rep. Clarence L. Wetzel of Lisbon and a panel discussion by a group from the Youngstown League of Women Voters on the subject "Does Ohio Need a New Constitution?"

Installation of new officers by Mrs. C. C. Waefler of East Rich-

ester, district president, will feature the afternoon program.

New officers are Mrs. D. M. Allison of Alliance R. D. 3, president; Mrs. Harold McIntosh of Wellsville R. D. 1, vice president; Mrs. Mildred Rice of Hanoverton R. D. 1, secretary, and Mrs. Elvy Thompson of Salineville R. D. 2, treasurer.

Mrs. H. O. Edwards of Delaware, president of the State Home Demonstration Council, will be guest speaker at the afternoon program.

The musical program for the afternoon session will include a solo by Nina Parry Marlett and selections by the Chord-Aires composed of Marilyn Hahn, Betty Denney and Peggy Oswalt.

The affair is open to the general public and the council is providing a nursery at the Presbyterian Church so mothers can attend.

College Building Destroyed By Fire

INDIANA, Pa. (INS)—Fire, fed by chemical and film, falshed through Leonard Hall at Indiana State Teachers College last night and caused an estimated one million dollars damage.

Seven volunteer fire companies from Indiana, Blairsville, Clymer and Homer City battled the spectacular blaze for four hours before bringing it under control.

Dr. Willis Pratt, president of the college, said the two-story brick building was a total loss.

The 49-year-old building housed the chemistry laboratory, film library and 30 classrooms.

Since most of the student body was away for Easter vacation, no one was reported in the building when the fire started.

Democratic Women To Dine Wednesday

LISBON—Officers of the Columbiana County Democratic Women's Club will be installed at a dinner Wednesday evening at 6:30 in the Legion home. Congressman Wayne L. Hays will speak.

Mrs. Edith Wood of Wellsville is president. Mrs. Don Gosney of Columbiana is second vice chairman.

Extended Forecast

Temperatures will average near normal; normal high 59, normal low 39; warmer Wednesday, Thursday and Friday, cooler Saturday; showers Friday or Saturday will total one-half to three quarters inch.

STUDY SCHOOL WORKSHOP

LISBON—Robert Finley of Columbus, conservation education advisor for the State Department of Education, will confer Thursday afternoon with County School Supt. James McBride. They will discuss possibilities of setting up a conservation workshop for rural teachers next fall.

ANESTHETIC KILLS MOTHER OF THREE.—Sorrowful Frank Manfra tries to console his daughters, Theresa, 5, (left) and Marguerite, 2, after the death of their mother, Raffelle (inset) following a Caesarian operation in Brooklyn's Cumberland hospital. Shortly after Mrs. Manfra gave birth to a third daughter, the anesthetic she was inhaling exploded, causing hemorrhages of the lungs. She died an hour later. A spark generated by someone walking across the operating room caused the explosion.

Washingtonville Farm Home Burns

A farm house on the Paul Whitmer estate, one-half mile north of Washingtonville, was destroyed at 8:30 Sunday evening when fire spread through the two-story building.

Occupied by Mr. and Mrs. Robert Hartley and family who were not at home at the time of the fire, the house was partly insured but the contents were not.

Two fire trucks from Green Township and the Washingtonville fire truck responded to the call but were handicapped by the lack of water.

City Plan

(Continued from Page 1)

formation about the city and catalogue it for future reference.

Long-Range Results

Mr. Hunston said results of the survey over a long-range period would be complete zoning, settlement of traffic problems, new parking facilities, new residential, industrial and business areas. It would furnish data for long-range sewer expansion—a thorn in the city's side—fire and police facilities, parks, playgrounds, hospitals and churches.

Lloyd Gordon, chamber president, declared that probably the reason voters last November defeated a levy which would have financed the plan was that they didn't have enough knowledge of it. The levy would have produced \$40,000 over a three-year period, the approximate cost of the survey as determined by the Wilbur Watson & Associates, engineering firm of Cleveland.

Through a legal technicality, City Council was unable to put the issue on the ballot for the May primary. If council decides to again submit it in November, the plan's fate will have to undergo another test of the voters, Mr. Hunston concluded.

DR. PELLEY IS 87

Dr. H. J. Pelley, Hanoverton physician who will celebrate his 87th birthday Sunday, remains pretty spry and active despite his advanced years. A typographical error in a story yesterday made Dr. Pelley's age appear as 871. "I'm no Methusalem" the doctor mused.

Receives \$150 Fine For Indecent Exposure

Theodore R. McClain, 30, of Beaver Falls, Pa., arrested at 10:45 p.m. Sunday on S. Lundy St. and charged with indecent exposure, was fined \$75 and costs and sentenced to six months in jail on each of two counts. The jail sentences were suspended.

He was arrested following the reports of two teen-age girls who told police that he had exposed himself to them as they were walking on Columbia St. near their homes.

Injunction Granted Against Rail Unions

CLEVELAND (AP)—Federal Judge Emerich B. Freed today granted the government's request for a no-strike injunction against three rail unions.

Said Judge Freed:

"This court is impelled to observe that injunction is not the solution to the dispute over wages and working conditions which has existed for a period of three years."

"That the burden of resolving the differences should be imposed on the courts is not contemplated in the law."

"The courts must not and should not be used as instruments to impel collective bargaining in good faith."

"The duty rests with the government, the railroads and the unions involved."

"It is apparent, however, that the court must in the interests of national safety, exercise its power to prevent irreparable injury."

SCHOOL HEAD TO PERMIT

Students To See Game

CLEVELAND (UP)—Many a school teacher has received the classic excuse from a wide-eyed youngster who was off at a ball game: "I was absent yesterday because I had to attend my grandmother's funeral."

Orville E. Hill, superintendent of schools in Cleveland Heights and University Heights, wants to stop all that.

Hill said that he will excuse any of the 10,000 pupils under his jurisdiction for this Friday's home opening ball game of the Cleveland Indians on two conditions.

1. The youngsters have to provide a written request from their parents.

2. They must show a ticket entitling them to a seat at the game.

Any pupil who wants to stay home and see the game on television may be excused. Hill ruled, provided he makes satisfactory arrangements with his teachers for making up his studies and lost time.

Covering blankets with sheets during times of illness and turning the sheet back generously when making beds help keep blankets clean.

Wall Street Stock Prices Drop In Quiet Dealings

NEW YORK (UP)—Prices declined fractionally on the stock exchange early today in quiet dealings.

A few specialties showed wider declines. Dealings in the first hour, however, were restricted and sales in that period alone totalled only 280,000 shares, compared with 470,000 in the same period yesterday.

Some rails registered declines of more than a point. Northern Pacific at 84½ was down 1¼ points. Atlantic Coast lines at 91 was down a point. Union Pacific and Southern Pacific eased.

American Cyanamid preferred "B" showed one of the wildest changes. The issue fell 12 points to 128.

Oil shares were backward with Cities Service slipping a point to 106. Texas Pacific Land Trust dipped the same amount to 182.

Steel shares were quiet and virtually unchanged. Bethlehem Steel and Youngstown Sheet & Tube held at their previous close.

MOUNTAIN OF MEN—Republic of Korea troops completely cover a Korean hill as they attend a demonstration of latest infantry tactics. Among those witnessing the exercises were Syngman Rhee, president of South Korea, and Gen. James A. Van Fleet, commander of the U. S. Eighth Army in Korea.

Obituary

Arthur H. Knauf
Arthur H. Knauf, 74, of the Western Reserve Road, Canfield, died at 12:30 a.m. today at the home of his brother, Hugh A. Knauf, following a six-month illness of a heart condition.

Born Sept. 1, 1878, in Calla, he was the son of John and Amelia Ann Ewing Knauf. He was a retired farmer.

Surviving are two sisters, Mrs. A. T. Hendricks and Mrs. R. L. Schnurberger, and a brother, Hugh A. Knauf all of Calla.

Funeral services will be held at 2 p.m. Thursday at the Williams Funeral Home in Canfield in charge of Rev. W. P. Hanks. Burial will be in Ridge Cemetery.

Friends may call at the funeral home Wednesday evening.

Charles Beckwith
Charles Beckwith, 80, of E. Main St., Salineville died at 3:20 p.m. Monday in the Salem City Hospital where he was admitted for treatment last Wednesday.

Mrs. W. H. Olloman
Mrs. W. H. Olloman, 94, died at 6 p.m. Monday at the home of her daughter, Mrs. Everett E. Hande in East Palestine.

A resident of East Palestine for 72 years, she was born in New Castle, England, Dec. 14, 1857, the daughter of John and Dorothy Chambers. She was a member of the Methodist Church and Macca-bees Lodge.

She was preceded in death by her husband, William H., in 1929. Surviving are three sons, John of Salem, Walter of Morganza, Pa., and Roy of East Palestine, a daughter Mrs. Everett E. Hande of East Palestine, and two grandsons, John Paul and Frank of Salem.

Funeral services will be held at 1:30 p.m. Thursday at the Oliver Funeral Home in East Palestine in charge of Rev. Carl Asmus.

Friends may call Wednesday afternoon and evening at the funeral home.

Trailer Court Trial Enters Second Day

The trial in Common Pleas Court, to test the constitutionality of Salem's planning ordinance, continued into its second day today at Lisbon following testimony given Monday by Irwin D. Tice, operator of a trailer court at 1311 S. Lincoln Ave., and Mayor Harry M. Vincent.

Tice was found guilty of violating the ordinance April 13, 1951, by Mayor Vincent who delayed sentence when defense council requested a new trial. The defense contended that the ordinance is unconstitutional because the city does not have a general zoning ordinance which would be a prerequisite for such a restrictive ordinance.

300 Chinese Reds Hit By U. N. Tanks

SEOUL, Korea (AP)—A powerful United Nations tank force killed or wounded 300 Chinese Reds Monday in a furious bombardment of Communist lines on the central Korean front, the U. S. Eighth Army announced.

Fifty-four Allied tanks fired for an hour and 45 minutes from positions in front of U. N. lines. It was the biggest tank action in two months.

Eighth Army said the tanks, firing from no-man's-land south-west of Kumsong, destroyed or damaged 99 Red bunkers, a field gun, 16 buildings, 39 trenches and 16 gun emplacements. The Communists fought back with 300 artillery and mortar shells and machinegun fire.

Want to make a delectable pot roast? Then braise the beef in tomato juice, adding seasonings to taste. Just before serving add a can of small button mushrooms to the gravy.
